

**Gannett Fleming**

*Excellence Delivered **As Promised***

## Building Solutions

Shippensburg University, Shippensburg, Pa.

**Gannett Fleming incorporates sustainable design on all projects and in our internal business practices.**

Gannett Fleming is an architectural, engineering, and specialty services firm with almost 100 years of experience. The Facilities Division of Gannett Fleming provides building-focused architectural and engineering services to a variety of commercial, industrial, and institutional clients. We provide analysis, evaluation, plans, and design for facility projects that involve rehabilitation, expansion, new construction, and process change.

Achieving the recommendation of the LEED® rating systems is a priority of many facility owners. Gannett Fleming's LEED accredited professionals can help meet this goal. We specialize in the facilitation, administration, interpretation, and application of the LEED rating system.

### **Project Delivery Methods**

Gannett Fleming participates in all phases of a project from concept to completion and beyond, including:

- Cost estimating
- Bidding
- Construction administration and monitoring
- Construction management
- Design-bid-build
- Design-build
- Design-build/finance-lease back.

Christ Community Church, Camp Hill, Pa.

### **Experience**

Our experience includes the planning, design, construction inspection, and construction management of aviation, healthcare, educational, municipal, religious, and parking facilities.

### **Architectural Services**

Through Ganflec Architects and Engineers, Inc., our architectural affiliate, we offer:

- Master planning and feasibility studies
- Interior design
- Americans with Disabilities Act, life safety, and code compliance review
- Roofing and building envelope condition analysis
- New buildings, additions, or alterations design.
