Security Services: Minimizing Risk

Our expertise with security compliance and operations helps our clients minimize risk.

With decades of consulting experience in all levels of government and private industry, Gannett Fleming understands the importance of minimizing the risk of safety incidents and security breaches, as well as the methods for implementing safety and security programs.

Whether the threat to your property is the result of natural events, accidents, or intentional harm, Gannett Fleming has extensive experience in assessing threats, performing vulnerability assessments, and analyzing the risks.

The Gannett Fleming Security Advantage

The Security Services Group at Gannett Fleming provides leadership to manage security programs, as well as design, install, configure, deploy, and manage some of the most complex security systems in the world. Gannett Fleming has nearly 100 years of experience working at the senior level of hundreds of local, state, and federal agencies ranging from the U.S. Departments of Defense and Homeland Security to cities such as New York, Philadelphia, Phoenix, Los Angeles, Newark, Pittsburgh, and Miami.

The Gannett Fleming Security Services Group members possess either a Secret or Top Secret Clearance from the U.S. Department of Defense. All staff are

American Society of Industrial Security (ASIS) Certified Protection Professionals (CPP) and/or Physical Security Professionals (PSP).

Gannett Fleming Intellectual Capital Network

The Security Services Group draws on the skills, knowledge, contacts, and experience of 2,000 professional staff located across the globe. Through the use of a state-of-the-art, web-based collaboration portal, every staff member has full access to the intellectual capital of the entire Gannett Fleming organization. With the background, experience, and intellectual resources of each of our engineers, designers, and executive consultants, organization, security, and technology issues are identified and addressed in the most effective and professional manner.

Services
